Explore

1. REP Component [respect, educate, protect]
2. Produce and integrate. How does the theme relate to your own life?
3. Attach citizenship Post-its
4. Write “I Learned” statements
5. Write “I Wonder” questions

Respect + Educate + Protect

Respect Your Self/Respect Others — Group 1

- Etiquette
- Access
- Law

Educate Your Self/Connect with Others — Group 2

- Communication
- Literacy
- Commerce

Protect Your Self/Protect Others — Group 3

- Rights and Responsibility
- Safety (Security)
- Health and Welfare

Digital Identity Formation

- What do we want our digital identity to look like?
- How do we differentiate our online life/experiences with our offline life/experiences?
- Does our life look different or the same?
- How do you know how much to share? Share about a time you shared too much.
- How do you decided what is appropriate to share online?

What's Your Online Identity

- What did you find?
- How do you feel about what you found?
- How private is your information in social media?
- Can you find yourself without logging in? Test SPU network.
- How do you manage these spaces?

What's Your Online Identity

- Do you regularly delete content you've shared through social media? (q17)
- Have you ever regretted sharing content through social media (q18)
- q19 Have you ever sought guidance for managing privacy online (q19)

“Oversharing: Think Before You Post”

https://www.commonsensemedia.org/videos/oversharing-think-before-you-post

Privacy

- Facebook manipulation study
- Tagging yourself/others in photos
- Geolocation data
- Twitter
- Passwords

Reputation and Participation

- What will potential employers find?
- What are the footprints you leave behind?
- Twitter
  - Useful to connect with others, participate, and build an information base and shape your identity.
- If you neglect participating you are not engaging.

Awareness

- The key is to create an awareness of our online activities and the information services collect and how they use it.
- We want to wisely use these tools.

Questions

- Attention: Reflection on identity, intention, and integration of digital technologies.
- Acquisition and Analysis: The seeking, selection, and synthesis of information.
- Action: The ethics and values of community, citizenship, and creation.

Conversation

How do we get there with digital wisdom as our strategy?
